**Smithsonian's National Zoo &
Conservation Biology Institute**

Migratory Bird Center

3001 Connecticut Ave., NW

Washington, DC 20008

Education

2016-2021	Ph.D.	University of Colorado Denver Integrative and Systems Biology
2002-2006	B.A.	Colorado College Biology

Relevant Employment

2024-Present	Research Ecologist, Smithsonian Institution
2023-2024	Postdoctoral Research Fellow, University of Michigan
2023	Associate Research Scientist, Yale University
2021-2023	Postdoctoral Associate, Yale University
2010-2022	Owner/Biologist, ClearPath Environmental, LLC
2020-2021	Research Assistant, University of Colorado Denver
2016-2021	Teaching Assistant, University of Colorado Denver
2004-2015 (seasonal)	Research Assistant, Colorado College Department of Biology
2009-2010	Biologist, Natural Resources Consulting/STANTEC
2007-2009	Biologist, ARCADIS U.S.
2003	Teacher Naturalist, Massachusetts Audubon Society

Refereed Publications

- [20] Parker, T., H. Fraser, S. Nakagawa, E. Gould, S. Griffith, P. Vesk, F. Fidler and 200+ co-authors in alphabetical order, including **SW Yanco**. *Same data, different analysts: variation in effect sizes due to analytical decisions in ecology and evolutionary biology*. In press: *BMC Biology*.
Preprint available: <https://ecoevorxiv.org/repository/view/6000/>
- [19] Dias, T, N Lemoine, **SW Yanco**, M Zimova, BM Winger, R Bay, and BC Weeks. *Long-term increases in wing length occur independently of changes in climate and climate-driven shifts in body size*. In press: *Proc. of the Royal Society B*

-
- [18] **Yanco, SW**, C Rutz, B Abrahms, NW Cooper, PP Marra, T Mueller, BC Weeks, M Wikelski, RY Oliver. 2024 *Tracking individual animals can reveal the drivers of species loss*. *Trends in Ecology & Evolution* <https://doi.org/10.1016/j.tree.2024.09.008>
- [17] Cooper, N., **SW Yanco**, CS Rushing, TS Sillett, PP Marra. 2024. *Winter and summer conditions induce carry-over effects on survival across multiple seasons in two migratory bird species*. *Current Biology* <https://doi.org/10.1016/j.cub.2024.09.015>

Yanco, SW. 2022. Small grants like DFO's increase fair access for students to do vital avian research. *Lark Bunting* 58 (1): 22-23.

Yanco, SW. 2021. South for the winter: the basics of fall migration. *Colorado Birds* 55 (4): 213-217

Yanco, SW, ER Pansing, AK Pierce, MB. Wunder. Better models make for softer landings: A comment on Yeh et al. 2019. *BMJ Rapid Response* to Yeh et al. *BMJ* 2018;363:k5094.

Michonneau et al. [including **SW Yanco**] 2019. datacarpentry/R-ecology-lesson: Data Carpentry: Data Analysis and Visualization in R for Ecologists, June 2019. doi: [10.5281/zenodo.3264888](https://doi.org/10.5281/zenodo.3264888), <http://datacarpentry.org/R-ecology-lesson/>.

Yanco, SW and Pansing, E. 2018. Everything is a model. *Rapid Ecology*. URL: <https://rapidecology.com/2018/09/05/everything-is-a-model/>

Yanco, SW. 2018. How a tiny migratory owl can teach us about the changing role of fire in the American west. *The Lark Bunting* 54 (5).

Grants

Thirteen grants awarded, total: \$696,507

2023 \$316,521 Enhancing our understanding of Kirtland's Warbler population dynamics through improved parameter estimation and use of a full-annual-cycle integrated population model
U.S. FWS, Great Lakes Fish and Wildlife Restoration Act

Role: Co-PI

2021 \$83,368 Documenting post-breeding survival of Kirtland's Warblers to inform a full annual cycle integrated population model
U.S. FWS, Upper Mississippi/Great Lakes Joint Venture

Role: Key Personnel

2020 \$2,000 Drivers of flammulated owl movement behaviors in Colorado
Denver Field Ornithologists

Role: PI

2020	\$1,500	Ecological drivers of multi-scale movements in a sensitive raptor. <i>Colorado Field Ornithologists</i> Role: PI
2019	\$2,000	Drivers of flammulated owl movement behaviors in southern Colorado <i>Denver Field Ornithologists</i> Role: PI
2019	\$114,736	Assessing influences of prescribed fire within the Hot Creek RNA on the demography, movement patterns, and habitat use of Flammulated Owls. <i>Challenge Cost Share between U.S. Forest Service and Colorado College.</i> Role: Site manager
2019	\$1,000	Proximate ecological drivers of habitat selection behavior by a sensitive raptor. <i>Colorado Field Ornithologists</i> Role: PI
2019	\$9,600	Migratory connectivity of Flammulated Owls. <i>Migratory Connectivity Project, Smithsonian Conservation Biology Institute (in-kind valuation)</i> Role: PI
2018	\$1,000	Multi-scale habitat selection behavior by a sensitive raptor following prescribed fire. <i>Colorado Field Ornithologists</i> Role: PI
2018	\$1,500	Multi-scale avian habitat selection: detecting process from pattern. <i>Denver Field Ornithologists</i> Role: PI
2018	\$6,000	Migratory routes and timing of Flammulated Owls. <i>Migratory Connectivity Project, Smithsonian Conservation Biology Institute (in-kind valuation)</i> Role: PI
2017	\$2,100	Spatially dynamic habitat selection in Flammulated Owls. <i>Denver Field Ornithologists</i> Role: PI
2015	\$147,682	Assessing influences of prescribed fire within the Hot Creek RNA on the demography, movement patterns, and habitat use of Flammulated Owls.

Challenge Cost Share between U.S. Forest Service and Colorado College.

Role: Site manager

2007 \$7,500 Territory size and habitat use by Flammulated Owls in a recently burned Forest

U.S. Forest Service

Role: Co-investigator

Software Authored

GitHub: <https://github.com/syanco>

pinpointreadR R Package: Convenience functions for reading Lotek PinPoint GPS tag data into R. Available at:
<https://github.com/syanco/pinpointreadR>

checkyourself R Package: Functions to run simple individual-based simulation models in spatial ecology. Available at
<https://github.com/syanco/checkyourself>

Invited Seminars

2025 (upcoming) Cary Institute of Ecosystem Studies
 2024 Smithsonian's National Zoo & Conservation Biology Institute
 2024 Arkansas State University, Department of Biological Sciences
 2023 Smithsonian's National Zoo & Conservation Biology Institute
 2022 Yale University, Yale Institute for Biospheric Studies

Workshops, Symposia, and Organized Sessions

2023 *Automating ornithology: Advancing our understanding of avian ecology through automated radio telemetry.* Organized Oral Session at American Ornithological Society – Society of Canadian Ornithologists Joint Meeting. London, Ontario, Canada

2022 *NASA Internet of Animals: Defining user needs for tracking animal movements and lives in a changing world.* Workshop hosted at Yale University, New Haven, CT

2022 *An individual eye on a global problem: Unique insights from animal tracking on biodiversity responses to climatic change.* Organized Oral Session at Ecological Society of America Annual Meeting, Montreal, Quebec, Canada.

2019 *Introduction to Occupancy Modeling.* Workshop presented at XVII Congreso para el estudio y conservacion de las aves en México

2019 *SeminR: Introduction to R*. Workshop hosted at University of Colorado Denver, Denver, CO.

Oral Presentations

(presenting author listed first or denoted by *)

- 2024 SW Yanco, C Youngflesh, M Tingley, BC Weeks. *Climate change alters the adaptive landscape of avian morphology and drives evolution*. Contributed oral presentation to the 2024 American Ornithological Society Annual Meeting, Estes Park, CO, October 1-5, 2024.
- 2024 SW Yanco, C Youngflesh, M Tingley, BC Weeks. *Climate change alters the adaptive landscape of avian morphology*. Contributed oral presentation to the 2024 Ecological Society of America Annual Meeting, Long Beach, CA, August 4-9, 2024.
- 2024 SW Yanco, Christian Rutz, Briana Abrahms, Nathan W. Cooper, Peter P. Marra, Thomas Mueller, Brian C. Weeks, Martin Wikelski, Ruth Y. Oliver. *More than movement: Animal tracking can help uncover the drivers of biodiversity loss*. Invited oral presentation to the 8th International Bio-logging Science Symposium, Tokyo, Japan
- 2023 SW Yanco, NW Cooper, PP Marra. *Survival Debt: Kirtland's Warblers pay the costs of winter conditions during migration and breeding*. Invited oral presentation to the American Ornithological Society – Society of Canadian Ornithologists Joint Meeting. London, Ontario, Canada
- 2023 SW Yanco, R Oliver, F Iannarilli, Data Providers, M Wikelski, W Jetz. *Migrant cranes modulate niche tradeoffs in rhythm with seasons and life history*. Contributed poster presentation to the 2023 Gordon Research Conference, Movement Ecology of Animals, Barga, Italy. May 29 – June 2, 2023.
- 2022 Oliver, RY, SW Yanco*, D Ellis-Soto, B Jesmer, W Jetz. *The COVID-19 anthropause reveals mechanisms of human impacts on animal movement*. Contributed oral presentation to the 2022 Ecological Society of America Annual Meeting, Montreal, Quebec, Canada
- 2021 SW Yanco, AK Pierce, MB Wunder. *Life history diversity in terrestrial animals is associated with metabolic response to seasonally fluctuating resources*. Contributed poster presentation to Ecology Across Borders, Joint Annual Meeting of the British Ecological Society and the French Society for Ecology and Evolution. (virtual; originally accepted as oral presentation, converted due to COVID-19)
- 2020 SW Yanco, BL Linkhart, PP Marra, MB Wunder. *Niche dynamics and ecological drivers of migration in an insectivorous owl*. Invited oral presentation to symposium: “Making the most of Disparate Data to Map Opportunities for Migratory Bird Conservation” at North American Ornithological Conference VII (virtual)
- 2019 SW Yanco, BD Linkhart, M Micah, A Carver, M Ciaglo, P Marra, MB. Wunder. 2019. *Towards a full annual biogeography of the flammulated*
-

-
- owl*. Contributed oral presentation to the Raptor Research Foundation Annual Conference
- 2019 SW Yanco, A Pierce, MB Wunder. *Using genetic algorithms and agent-based models to explore landscapes and life histories which give rise to migration*. Contributed poster presented at Movement Ecology of Animals Gordon Research Conference. Lucca (Barga), Italy
- 2018 SW Yanco, AL McDevitt, LM Hartley, BD Linkhart, and MB Wunder. *Check yourself: using agent-based models to test the logic of hypotheses*. Contributed oral presentation to 2018 Ecological Society of America Annual Meeting, New Orleans, LA
- 2018 SW Yanco, BD Linkhart, and MB Wunder. *Home-range scale habitat selection patterns do not necessarily imply home-range scale decisions*. Contributed oral presentation to the 136th state meeting of the American Ornithological Society, Tucson, AZ
- 2018 SW Yanco, A McDevitt, L Hartley, and MB Wunder. *Non-inferential approaches to agent-based modeling*. Contributed oral presentation to the 24th annual Front Range Student Ecology Symposium, Fort Collins, CO
- 2017 SW Yanco, and BD Linkhart. *Scale-dependent habitat selection by a sensitive forest raptor following wildfire*. Contributed oral presentation to the 23rd annual Front Range Student Ecology Symposium
- 2014 SW Yanco and BD Linkhart. *Habitat selection by breeding Flammulated Owls in a post-fire environment*. Invited oral presentation to the 39th annual conference of the Western Field Ornithologists, San Diego, CA
- 2012 SW Yanco and BD Linkhart. *Home-range and habitat use by Flammulated Owls (*Otus flammeolus*) following a large-scale forest fire in central Colorado*. Contributed poster presented at the 130th stated meeting of the American Ornithologists Union, Vancouver, BC
- 2010 SW Yanco, BD Linkhart and RT Reynolds. *Nest habitat characteristics of Flammulated Owls (*Otus flammeolus*) in Colorado*. Contributed oral presentation to the 128th stated meeting of the American Ornithologists Union, San Diego, CA
- 2008 SW Yanco and BD Linkhart. 2008. *Nest site selection by Flammulated Owls (*Otus flammeolus*) in a post-fire environment in Colorado*. Contributed poster presented at the 126th Meeting of the American Ornithologists' Union, Portland, OR
-

Fellowships/Scholarships

- 2020-2021 Fritz Knopf Doctoral Fellowship in Avian Conservation
- 2019 Colorado Environmental Management Society Scholarship
- 2019 University of Colorado Denver, Integrative and Systems Biology Merit Scholarship
-

Awards and Honors

- 2021 Outstanding Graduate Defense, University of Colorado Denver,
Department of Integrative Biology
- 2021 Outstanding Graduate Student, University of Colorado Denver,
Department. of Integrative Biology
- 2020 A. Brazier Howell Award, American Ornithological Society
(Given for "Best presentation on any topic in ornithology")
- 2006 Richard and Reba Beidleman Award, Colorado College
(Given to a student who has "demonstrated through courses, fieldwork, or other activities, outstanding potential for becoming a professional ecologist and/or field biologist")
-

Courses Taught

- 2022 **Guest Lecturer** Western Connecticut State University
BIO 422 Conservation Biology
- 2016-2021 **Teaching Assistant** University of Colorado Denver
BIOL 6764 Biological Data Analysis
BIOL 3763 Biostatistics
BIOL 1500 Basic Biology: Cells to Organisms
- 2020 **Guest Lecturer** Metropolitan State University of Denver
BIO 4280 Ornithology
- 2019 **Guest Lecturer** University of Colorado, Colorado Springs
BIOL 3700 General Ecology
- 2018 **Guest Lecturer** University of Colorado Denver
BIOL 3763 Biostatistics
-

Mentoring

- 2024-present External master's thesis committee member for Laura Farnsworth,
University of Colorado Denver
- 2024-present Master's thesis mentor for Keeta Moore, University of Georgia
- 2021-present External master's thesis committee member for Jason Tendler,
University of Wisconsin-LaCrosse
- 2021-present Mentor to 2 masters and 2 PhD students during postdoc at
University of Michigan
- 2005-2021 Mentor to >30 undergraduate students as part of long-term study
on Flammulated Owl demography and behavior
- 2021-2023 Mentor and "Biodiversity Movement" group leader to 3
postgraduate associates, 5 Phd Students, and 1 postdoctoral
associate at Center for Biodiversity and Global Change, Yale
University
-

2007-2022	Mentor to >20 undergraduates and recent graduates as part of environmental consulting activities.
2016-2021	Mentor to 9 undergraduate students during dissertation research

Outreach

2023	Classroom visit to Town Center Learning Campus (Pre-K), Madison, CT
2022	Presentation to Connecticut Audubon Society on avian migration
2021	Panelist for American Ornithological Society event: “Interacting with your invisible audience”
2021	Presentation to Monte Vista Crane Festival on Flammulated Owls in southern Colorado
2020	Keynote Presentation to Colorado Field Ornithologists Annual Meeting
2019-2020	Led hands on and virtual visits to Colorado Bird Observatory camps on fire ecology and avian capture methods.
2019	Presentation to the Rio Grande National Forest Leadership Team Meeting on Flammulated Owl ecology, management, and conservation.
2019	Contributing author to Data Carpentry Lesson: Data Analysis and Visualization in R for Ecologists. DOI: 10.5281/zenodo.3264888

Selected Media Coverage

2024	The Guardian: “ Can goats predict earthquakes? ”
2024	WEMU’s Issues of the Environment: “ U-M research tracks individual animals to determine potential environmental threats ”
2024	New York Times: “ Study reveals bird-migration mystery ”
2024	MIT Technology Review: “ How tracking animal movement may save the planet ”
2023	Nature: “ Reproducibility trial: 246 biologists get different results from same data sets ”
2023	The Wren: “ Tiny Kamloops owls under threat from longer, more destructive fire seasons ”
2022	National Audubon Society: “ The Flammulated Owl Is a Small Raptor Facing Big Threats ”
2022	YaleNews: “ Data from space unveil a global view of animals on the move ”
2022	Zip06.com: “ Why do birds migrate? ”
2019	Wild Animals Podcast: “ B5: The Flammulated Owl Who Got Away, Over, and Over, and Over Again ”

Academic Service

Associate Editor *Ornithology*

Invited Reviewer *Movement Ecology, Basic and Applied Ecology, Scientific Reports, Ecology, eLife, Global Ecology and Biogeography, Frontiers in Ecology and the*

Environment, PLoSOne, Oecologia, Condor: Ornithological Applications, Journal of Experimental Marine Biology, Journal of Raptor Research, Avian Conservation & Ecology, Ornithology, Ecological Indicators, Journal of Avian Biology, Royal Society Open Science

Guest Editor *eLife*

Board Member International Bio-Logging Society, COVID-19 Initiative Steering Committee

Board Member Center for Biodiversity and Global Change Seminar Committee

Board Member 2023 Gordon Research Seminar on Movement Ecology of Animals, Program Committee

Founder and organizer University of Colorado, Department of Integrative Biology Graduate Student Seminar Series.

Representative University of Colorado Denver, Department of Integrative Biology Space and Facilities Use Committee
